

**TDI New England**

A **Blackstone** Portfolio Company

**U.S. ARMY CORPS OF ENGINEERS  
SECTION 404 / 10 APPLICATION  
FOR THE NEW ENGLAND CLEAN POWER LINK PROJECT  
SUPPLEMENT AND NARRATIVE**

The presentation below is intended to supplement information requested in the application form.

**Block 13: Name of Waterbody**

A listing of all waterbodies crossed by the New England Clean Power Link Project (Project) is provided in Attachment C of this application.

**Block 14: Project Street Address**

The location of the Project is described in the narrative. Location maps are provided in Attachment A of this application.

**Block 15: Location of Project**

The location of the Project is described in the narrative. Location maps are provided in Attachment A of this application. The latitudes and longitudes at each mile of the proposed route are provided in Attachment B.

**Block 16: Other Location Descriptions, if known**

The location of the Project is described in the narrative. Location maps are provided in Attachment A of this application.

**Block 17: Directions to the Site**

The location of the Project is described in the narrative. Location maps are provided in Attachment A of this application.

**Block 18: Nature of Activity**

The Project description is provided in the narrative section of this application.

**Block 19: Project Purpose**

The Project purpose is described in the narrative section of this application.

**Block 20: Reason(s) for Discharge**

The reason for the discharge is described in the narrative section of this application.

**Block 21: Types of Material Being Discharged and Amount of Each Type**

The Applicant will provide this information in a supplement to this application.

**Block 22: Surface Area in Acres of Wetland or other Waters Filled**

The Applicant will provide this information in a supplement to this application.

**Block 23: Description of Avoidance, Minimization, and Compensation**

The avoidance, minimization, and compensation associated with the Project will be provided in a supplement to this application.

**Block 25: Addresses of Adjoining Property Owners, Lessees, Etc. Whose Property Adjoins the Waterbody**

The Applicant will provide a list of property owners possessing lands upon which temporary or permanent impacts to wetlands will occur in a supplement to this application. The Applicant is not proposing to provide the addresses for properties along the Lake Champlain portion of the Project.

**Block 26: List of Other Certificates or Approvals / Denials received from other Federal, State, or Local Agencies for Work Described in this Application**

The Applicant has not received certificates or approvals related to the construction, operation, or maintenance of the Project at this time from any other federal, state, or local agency.

To construct and operate the Project, approvals and permits must be obtained from several state, federal, and municipal entities. The major permits anticipated for the Project are as provided below.
